

*My Dearest Yoruba King,*

*From the moment I met you, I admired your gentle and quiet spirit. Thank you for supporting me in whatever my heart desires to do, whether it's the beginning of the third diet of the week, to traveling with friends, or starting a new job. I appreciate you more than I tell you, and love you with every fiber of my being. I am looking forward to growing old and wrinkly with you.*

*Love,*
